SENATOR FOWLER: Can I add an amendment to the committee amendment on the desk?

CLERK: I can't tell what yours goes to Senator Chambers, you strike section 19.

PRESIDENT: Mr. Clerk is there any way that we can discuss these today?

CLERK: No.

PRESIDENT: Senator Chambers and Senator Fowler, consideration of your two amendments will probably have to be held over until tomorrow. Yes sir.

SENATOR DE CAMP: We are talking about initially the committee amendments, right?

PRESIDENT: No, amendments to the committee amendments. There are two of them up here.

SENATOR DE CAMP: However, isn't there a rule that says committee amendments first introducers amendments next and after that other amendments.

PRESIDENT: Oh, but we have allowed amendments to the committee amendments all along here.

SENATOR DE CAMP: With the consent of the introducer.

PRESIDENT: We just passed one.

SENATOR DE CAMP: I suggest that we ask the introducer if he consents to have....

PRESIDENT: Well, Senator Dworak just had one.

SENATOR DE CAMP: I know, but he consented to that one. Do you understand what I am saying?

PRESIDENT: Could you site me the rule?

SENATOR DE CAMP: Yes.

PRESIDENT: There has been a point of order that should be disposed of. Go ahead and read your things in but.....On what sir?

SENATOR SCHMIT: Wasn't there a rule that a motion offered by Senator Frank Lewis that all amendments to LB703 should be printed and placed upon the desk before they were discussed? I believe that that motion was acted upon permanently.

PRESIDENT: I don't remember that.

SENATOR SCHMIT: I certainly do.

PRESIDENT: What is your point of order?

SENATOR SCHMIT: My point is Mr. President is that if that rule applied to the introducer, it should apply to the rest of the members of the body. Including Senator Chambers.
